I am very pleased to write a letter of recommendation and gratitude for and to Robert J. Events & Catering.

A bride and her parents (and the groom and his) dream of planning a wonderful, magical wedding – if not a perfect one. Of course much advance work and coordination go into making that happen. Selecting Mr. Bob Pacanovsky and his excellent staff will bring you one major step closer to your dream reception.

We can't use enough superlatives about Bob, from his first calming meeting to his focused attention to detail, not to mention the delicious appetizers and dinners. The food is of high quality, fresh and much complimented. Robert J's staff were graceful under pressure, always asking if everything was to our liking and utmost professionals in dress, demeanor and service. Bob maintained constant advance contact with us and the bride-to-be. He patiently answered our questions and made suggestions if we asked about any facet of the planning. He coordinated many aspects of the evening wedding and reception. His tables, chairs, dinnerware, etc...were all top-notch. There were no fiscal surprises. His well-earned reputation is the reason my hometown Canton Football Hall of Fame and other classic venues hire Bob for special events catering. His results are very impressive.

We were very glad to have chosen Robert J., and to have entrusted one of the happiest events in our lives to him and his staff.

Sincerely,

Joe and Pam Martuccio
